

帮助观众留下自己的看法

使用顺序：展前读 01-03、08；现场查 04-06；记录与交接用 07。

本指南是什么

依据参与者回忆与现有项目资料重新设计的工作人员材料，不是当年原件。三类区域、问题、引导语和处理规则均为本次拟定；当前截图来自后续概念演示。

服务流程 / 最后一段由后台团队负责

这张图表达服务关系。当前演示只覆盖手机端模拟体验，未采集音频、未发送反馈，也未连接企业平台或 InsightGPT。

邀请话术 / 先说明用途，再给选择

“我们在收集大家对这里的体验、产品或活动的看法。您愿意的话，可以用手机轻触这张 NFC 卡，或扫描二维码，进入对应页面留下意见。不参加也完全没关系。”

各自负责什么

- 观众：决定是否参与、表达什么、是否修改，以及何时结束。
- 工作人员：确认对象，解释操作和问题范围；不替观众评价或改写。
- 现场负责人：核对入口、协调异常、接收记录并安排交接。
- 后台团队：核实接收状态及系统问题；本指南不展开分析设计。

演示培训前另说：“今天体验的是模拟版本，语音使用样例，内容不会送出。”不承诺匿名、完成耗时、数据保存期限或客户响应时间。

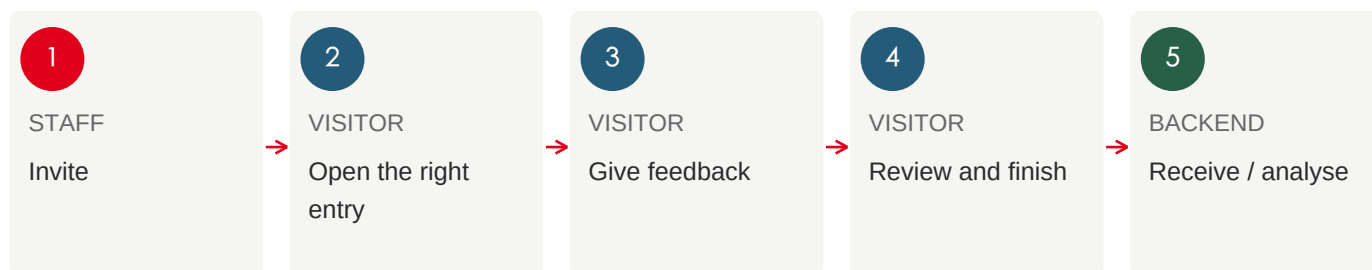

Help visitors share their views

Before the event: sections 01–03 and 08. During a shift: 04–06. Record and hand over issues: 07.

About this guide

Recreated from a participant's recollections and current project materials; not the historical original. Area tasks, questions, prompts and field rules are newly proposed. The screenshot shows the later concept demo.

Service flow / The final stage belongs to the backend team

This diagram shows the service relationship. The current mobile demo captures no audio, sends no feedback and is not connected to the company platform or InsightGPT.

An invitation / Explain the purpose, then offer a choice

“We’re collecting views on the exhibition, products and sessions. If you’d like to take part, tap this NFC card with your phone or scan the QR code to share your thoughts. Taking part is entirely up to you.”

Who does what

Visitor: chooses whether to join, what to say, what to edit and when to stop.

Staff: checks the subject and explains the task and controls; does not answer or rewrite feedback for visitors.

Field lead: checks entries, coordinates issues and accepts handovers.

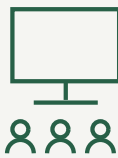

Backend team: checks receipt and system issues. Analysis design is outside this guide.

For demo training, add: “This is a simulation. Voice uses sample text and nothing is sent.” Do not promise anonymity, a fixed duration, retention periods or a response time.

02 / 找到自己的区域

区域与反馈任务地图

A / P / T 是本次指南的占位编号，不是历史入口，也不能用于实际扫码。

 A 整体体验 [A-01] [区域名待填] 评价什么 展会整体；任选最有感受的一点。 先确认 区域与参观环节 “这次参观，您最想反馈的一点是什么？”	 P 具体产品 [P-01] [产品名待填] 评价什么 眼前这件产品；区分第一印象与使用经验。 先确认 产品名称与图片 “您对这个产品有什么看法？”	 T 座谈 / 演讲 [T-01] [场次待填] 评价什么 具体活动场次；内容、理解或参与体验。 先确认 标题、场次或时间 “关于这场活动，您最想反馈什么？”
--	---	--

需要时再追问：A「在哪个环节？」 / P「第一印象还是使用经验？」 / T「哪一部分让您这样想？」

值守前填写 / 一区一张核对单

我的区域：_____ 反馈对象：_____

卡片编号：_____ 页面对象：_____

已核实的备用入口：_____

区域联系人 / 联系方式：_____

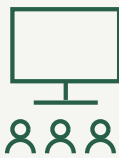

先对对象，再邀请

对照实物或活动牌 → 读 NFC / 二维码物料上的对象 → 打开页面核对名称和问题。三处不一致，暂停使用该物料并交给负责人，不让观众在错误页面继续。

当前演示只展示 R146C 产品反馈；它不证明当年现场使用该产品，也未实现 A / T 区域入口或多产品切换。实际区域名称、场次、问题和路由由负责人在测试前确认。

Area & feedback task map

A / P / T are placeholder codes in this reconstruction. They are not historical or live access points.

A	P	T
		
Overall experience	Product	Talk / session
[A-01] [Area to fill]	[P-01] [Product to fill]	[T-01] [Session to fill]
WHAT TO COMMENT ON The exhibition as a whole. Choose one thing that stood out.	WHAT TO COMMENT ON This specific product. Separate first impressions from use.	WHAT TO COMMENT ON This specific session. Content, understanding or experience.
CHECK / Area and visit stage	CHECK / Product name and image	CHECK / Title, session and time
“What would you most like to share about your visit?”	“What do you think of this product?”	“What would you most like to share about this session?”

Optional follow-up: A “At what point?” / P “A first impression or experience of use?” / T “Which part made you feel that way?”

Before your shift / Complete one check per area

My area: _____ Feedback subject: _____

Card ID: _____ Page subject: _____

Verified backup entry: _____

Area contact / channel: _____

Match the subject before inviting

Check the product or session sign, the NFC / QR material, and the name and question on the page. If they do not match, stop using the material and notify the lead. Do not ask visitors to continue on the wrong page.

The current demo only shows R146C product feedback. It does not prove this product appeared at the original event; A / T entry routes and product switching are not implemented. Confirm actual areas, sessions, questions and routes before testing.

邀请 → 进入 → 表达 → 核对

页面用于解释操作。下图是 R7 当前概念演示截图，不是历史现场界面。

01 邀请 / 先得到参与意愿

用第 1 节话术。观众拒绝或想结束就停止，不追问理由。

02 进入 / 确认对象

请观众核对产品名或活动名。NFC 不响应时，可用同一对象的已核实二维码；目前仓库未验证实际 NFC / 二维码链路。

03 表达 / 让观众自己选择

圆形 Try speaking 是模拟语音入口；Write a thought 是文字入口。不方便说话可直接写，不必先试语音。

04 核对 / 内容由观众决定

请观众检查是否表达了本意。核对页可 Edit；Continue as text 可继续编辑已有文字。工作人员只解释按钮，不代改评价。

05 完成 / 区分“页面结束”和“真实接收”

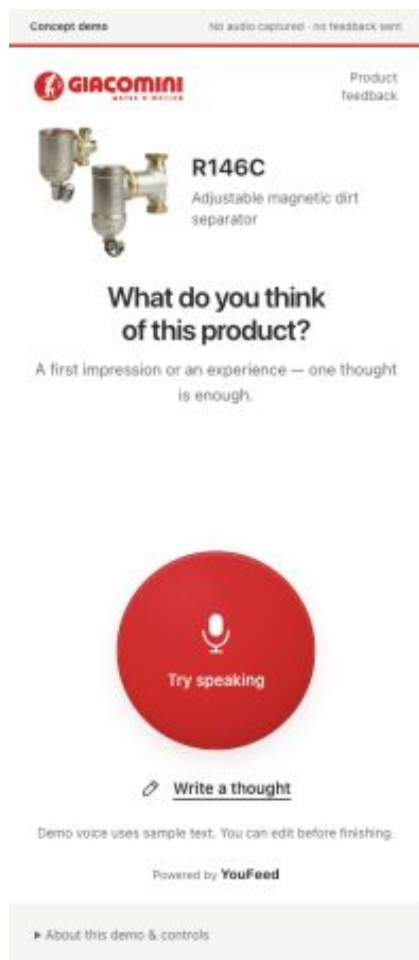

当前 Demo complete 只表示演示结束，页面明确说明反馈未送出。真实现场应按已确认的完成提示判断；若状态不明确，不声称成功，也不立即重复提交，转第 6 节。

保护已经写下的内容

当前演示在页内切换时保留已形成的文字；刷新、重启会清空。开始新的模拟语音并生成样例，会替换原稿；看到清空或重录确认框时，先向观众解释后果，由其决定。

Invite. Enter. Express. Review.

The screenshot explains the controls. It is the current R7 concept demo, not the historical event interface.

01 Invite / Participation is optional

Use the invitation in section 01. If the visitor declines or wants to leave, stop without asking them to justify it.

02 Enter / Confirm the subject

Ask the visitor to check the product or session name. If NFC does not respond, use a verified QR code for the same subject. Actual NFC / QR links are not verified by this repository.

03 Express / Let the visitor choose

Try speaking is the simulated voice entry. Write a thought opens text input. Visitors can write directly; there is no need to try voice first.

04 Review / The visitor owns the words

Ask whether the text says what they mean. Edit changes the example; Continue as text keeps the existing words for editing. Explain controls, but do not rewrite their opinion.

05 Finish / A finished page is not proof of receipt

Demo complete means only that the demo ended; the page states nothing was sent. At a live event, use the agreed completion indicator. If the result is unclear, do not claim success or immediately resubmit. See section 06.

Protect what has already been written

In the demo, switching views keeps existing text; refreshing or restarting clears it. A new voice sample can replace the draft. Explain any clear or re-record confirmation first, then let the visitor decide.

帮助表达，不替人作答

先听，再用一条提示；观众仍不想补充，就接受其原有表达或结束。

01 不知道 YouFeed 是什么

目的 | 说明用途与参与方式。

“这是一个反馈入口，帮助我们了解您对这个的看法。您可以自己选择是否参与。”

避免 | 不承诺匿名、固定耗时、奖励或意见一定获采纳。

02 不知道该评价什么

目的 | 确认对象，缩小范围。

“这里对应的是[对象]。您可以只说最有感受的一点，第一印象也可以。”

避免 | 不把示例答案当提示，不说“可以夸一下设计”。

03 “没什么意见”或评价很笼统

目的 | 给一次自愿补充的机会。

“如果愿意，您可以说说是什么让您有这个感觉；不补充也可以。”

避免 | 不将“还行”改成正面评价，不反复追问，不要求凑字数。

04 不方便使用语音

目的 | 让文字成为直接选择。

“您可以选择文字输入，按自己的方式写就好。”

避免 | 不要求先开麦、不代录；模拟版不能说它正在录下声音。

05 进入错误产品或活动页面

目的 | 停止错配，重新确认对象。

“这里显示的是[页面对象]，您想评价的是[目标对象]，对吗？我们先核对入口。”

避免 | 不在错误页面硬填；不承诺内容可自动迁移。已有内容先告知风险。

06 不愿参与或希望结束

目的 | 尊重退出，结束协助。

“好的，谢谢您，您可以随时结束。”

避免 | 不劝留、不追问私人原因、不替其完成；不能承诺关闭等于删除已提交内容。

Support their own words

Listen first. Offer one prompt. If they do not want to add anything, accept their answer or let them finish.

01 What is YouFeed?

AIM / Explain purpose and choice.

"It's a way to share your views about this place.
You can choose whether you'd like to take part."

AVOID / No promises of anonymity, timing, rewards or action on every comment.

02 What should I comment on?

AIM / Confirm and narrow the subject.

"This page is about [subject]. You can share just one thing that stood out. A first impression is fine."

AVOID / Do not suggest an answer or say "You could praise the design."

03 "No comments" / "It's fine"

AIM / Offer one optional follow-up.

"If you'd like, what made you feel that way? It's also fine to leave it there."

AVOID / Do not turn vague words into praise, keep probing or require more words.

04 Voice is inconvenient

AIM / Make writing a direct choice.

"You can choose text and write it in your own way."

AVOID / No forced microphone access or speaking for them. The demo does not record.

05 Wrong product or session

AIM / Pause and check the subject.

"This page shows [page subject]. Did you mean [target subject]? Let's check the entry first."

AVOID / No wrong-page entry or automatic draft transfer. Explain loss risks first.

06 They want to stop

AIM / Respect the decision to leave.

"Of course. Thank you. You can stop whenever you like."

AVOID / No pressure, private questions or finishing for them. Closing is not deletion.

先确认对象，再恢复连接

【界面】为当前演示；【待确认】为未验证能力；其余恢复与停止规则为现场拟定。

先判断：是否已填写或点击提交？

E1 / 网络不稳定或页面打不开

- 现象 持续加载、空白、连接错误。
- 先查 先问是否已经输入或点击提交；有内容就不要先刷新。确认链接与当前网络状态。
- 替代 尚未填写时，可由观众自愿切换可用网络，再打开已核实入口；已有内容或已提交转 E6。
- 停止 完成一次有变化的恢复尝试后仍失败，或观众不愿继续，即停止；不连续刷新。
- 交接 记录时间、区域、入口、可见错误和尝试结果 → 现场负责人；多设备同入口异常则暂停该入口邀请。

E2 / NFC 或二维码无法打开

- 现象 轻触无响应，或扫码无法识别、跳转失败。
- 先查 确认卡片对象、二维码是否遮挡及目标链接；不要求观众安装不明应用。
- 替代 NFC 失败改用同对象已核实二维码；二维码失败仅用负责人提供并核实的备用链接。
- 停止 替代入口仍失败或没有已核实替代路径，停止；不临时编造链接或把其他产品入口当备用。
- 交接 记录触点编号、NFC / 二维码类型、现象与结果 → 现场负责人核对物料和入口。

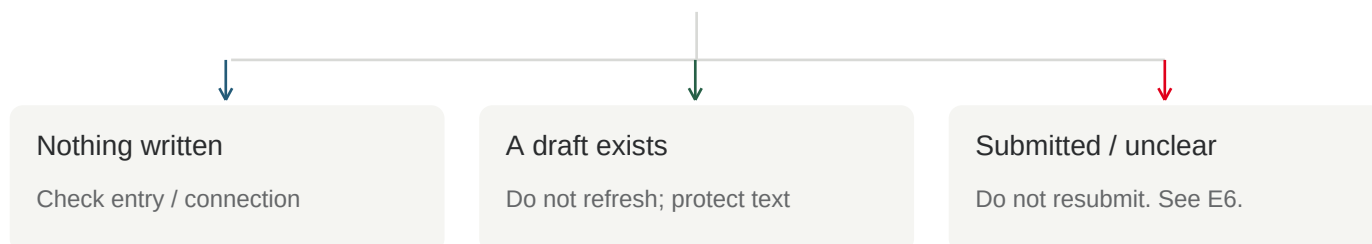

E3 / 页面对象不对应

- 现象 名称、产品图或活动场次与观众想反馈的对象不同。
- 先查 核对实物、卡片、页面三处身份，先停止填写。
- 替代 无内容时转已核实正确入口；已有内容先说明重新打开可能丢失，由观众决定是否继续。
- 停止 正确入口仍错配，或找不到目标对象，即停止。不得把意见提交给错误对象。
- 交接 记下入口编号和错误 / 目标对象 → 现场负责人暂停该物料，交技术支持检查映射。【待确认】草稿跨入口迁移。

Check the subject, then recover

[UI] = current demo. [TBC] = unverified live capability. All other recovery and stop rules are proposed for the field team.

First: have they written or pressed submit?

E1 / Unstable network or page will not open

SEE	Endless loading, a blank page or connection error.
CHECK	Ask whether they have written anything or pressed submit. Do not refresh a draft. Check the entry and connection.
TRY	With no draft, the visitor may choose another available network and reopen the verified entry. For a draft or prior submit, see E6.
STOP	After one changed recovery attempt fails, or the visitor wants to stop. Do not repeatedly refresh.
HAND OFF	Log time, area, entry, error and outcome to the lead. If the same entry fails on multiple devices, pause invitations there.

E2 / NFC or QR code does not open

SEE	No response to tapping, unreadable QR code or failed redirect.
CHECK	Check the subject on the card, any obstruction and the destination. Do not ask visitors to install an unknown app.
TRY	Use a verified QR code for the same subject after NFC fails. If QR fails, use only a backup link verified by the lead.
STOP	If the alternative fails or none is verified. Do not invent links or use another product's entry.
HAND OFF	Log touchpoint ID, NFC / QR, symptom and result to the lead for material and route checks.

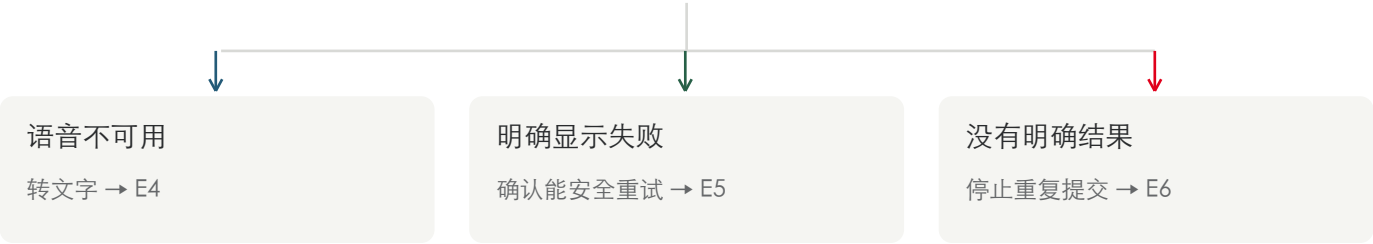

E3 / The page shows the wrong subject

SEE	The name, image or session differs from the intended feedback subject.
CHECK	Compare the product / sign, card and page; pause writing.
TRY	With no draft, open the verified correct entry. If text exists, explain possible loss before the visitor chooses whether to continue.
STOP	If the correct entry is still wrong or cannot be found. Do not send feedback to the wrong subject.
HAND OFF	Log entry ID, shown and intended subject. Lead pauses the material; technical support checks mapping. [TBC] Draft transfer.

结果不明确时，先停止重复提交

【界面】为当前模拟行为；【待确认】为真实服务能力；其余恢复与停止规则为现场拟定。

先判断：现在看到什么状态？

E4 / 语音不可用、无内容或转写失败

- 现象 显示语音不可用、No words picked up 或转写错误。
- 先查 【界面】先看是否标有 simulated；当前演示不请求麦克风、不录音、不做真实转写。
- 替代 【界面】Write instead 转文字；已有文字保留。演示可点 Try voice again / Try again 测试恢复。
- 停止 一次恢复后仍失败或观众不愿说，就转文字或结束，不反复要求授权。
- 交接 记录页面提示及切换后是否完成 → 现场负责人；【待确认】真实权限、浏览器兼容与转写能力由技术支持核实。

E5 / 明确显示提交失败

- 现象 页面明确显示错误并提供重试入口。
- 先查 【界面】当前演示保留草稿，可在原页重试；这是模拟行为，不等于真实系统确认未接收。
- 替代 真实现场先按负责人确认的失败语义处理；仅在已确认可安全重试时，由观众选择重试。
- 停止 一次安全重试仍失败，或接收状态不确定，停止并转 E6。
- 交接 记录报错、点击时间、重试次数与最后状态 → 现场负责人 / 技术支持。【待确认】超时语义和重复提交去重。

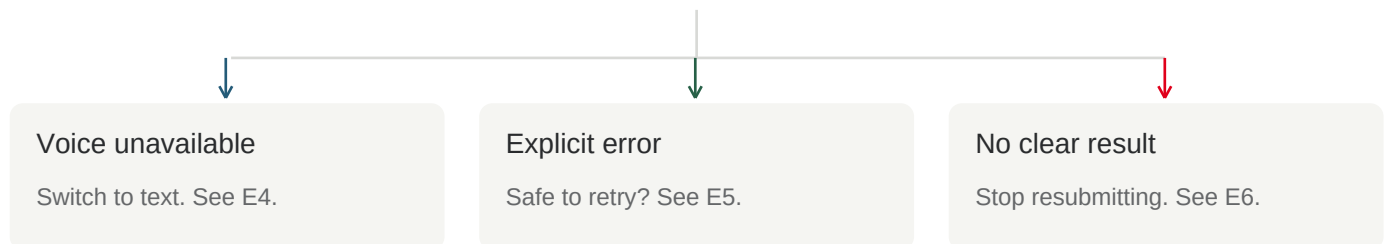

E6 / 完成状态不明确

- 现象 点击后一直等待、页面关闭、断网，或没有明确完成提示。
- 先查 不要把“无成功提示”视为“未提交”。先询问最后一步、可见状态及是否已点过提交。
- 替代 保持原页，不刷新、不重开重复提交；允许观众结束等待。负责人再请后台核查。
- 停止 无法由已确认机制判断时就停止操作，记录“结果不明确”；不要求观众无限等待。
- 交接 记录时间、入口、最后动作和页面状态；有系统回执编号才记编号 → 负责人交后台核实。当前演示无真实接收查询。

Unclear result? Do not resubmit.

[UI] = current simulation. [TBC] = live capability to confirm. Other recovery and stop rules are proposed for the field team.

First: what does the page show?

E4 / Voice unavailable, empty or not transcribed

SEE	Voice unavailable, No words picked up, or a transcription error.
CHECK	[UI] Check for a simulated label. This demo does not request microphone permission, record sound or transcribe audio.
TRY	[UI] Write instead keeps earlier text. Try voice again / Try again tests simulated recovery.
STOP	After one unsuccessful recovery attempt, or if they prefer not to speak: write or finish. Do not keep requesting permission.
HAND OFF	Log the message and whether switching helped to the lead. [TBC] Technical support checks live permissions and compatibility.

E5 / The page explicitly reports a submit error

SEE	An error is shown with a retry option.
CHECK	[UI] The demo keeps the draft for retry. This does not prove a live system has not already received a submission.
TRY	Use the lead's confirmed interpretation of live errors. Let the visitor retry only when it is known to be safe.
STOP	After one safe retry fails, or receipt becomes uncertain. Move to E6.
HAND OFF	Log error, time, retry count and last state to the lead / technical support. [TBC] Timeout meaning and duplicate handling.

E6 / Completion is unclear

SEE	Still waiting, page closed, connection lost or no clear completion message.
CHECK	No success message does not mean nothing was received. Ask what happened last and whether submit was pressed.
TRY	Keep the page if still open; do not refresh or reopen to resubmit. Let the visitor leave. The lead asks the backend team to check.
STOP	When no confirmed mechanism can establish the outcome. Record "unclear"; do not ask the visitor to wait indefinitely.
HAND OFF	Log time, entry, last action and page state; receipt ID only if provided. Lead hands over to backend. The demo has no live receipt lookup.

记录发生了什么、是否需要帮助

一条记录对应一次体验或一个问题。可复制本页使用；不需要姓名、电话或完整反馈内容。

记录字段	现场填写
基本信息	记录编号：_____ 时间：_____ 区域 / 入口编号：_____ 反馈对象 / 产品 / 活动场次：_____
观察与协助	困难或必要原话（去除个人信息）：_____ _____ 工作人员采取的协助 / 重试次数：_____ _____
完成方式（单选）	独立完成 / 协助后完成 / 未完成 / 结果不明确 说明：“协助”包括额外解释、提示或操作排障；统一邀请不计。
结果与依据	页面最后显示：_____ 真实接收：已核实 / 未核实 / 不适用（模拟演示） 依据或系统回执编号（如有）：_____
后续交接	需后续处理：是 / 否 交给谁：_____ 记录人工作代号：_____ 接收人 / 接收时间：_____ 处理状态：待接收 / 处理中 / 已关闭 下次回查时间：_____ 结果 / 关闭依据：_____

交给谁 / 如何闭环【现场拟定】

工作人员 → 现场负责人汇总；入口、网络和语音故障 → 技术支持；提交状态 → 后台团队；对象、活动名称和问题文案 → 区域内容负责人。实际人员和联系方式见第 8 节。

同一入口连续出错、对象错配或出现意外个人信息，立即联系负责人；其他记录按约定班次交接。接收人确认收到，填下一次回查时间，解决后补依据，不以“已转发”当关闭。

只记录排查所需的信息。不要用私人设备保存观众反馈、录音或带个人信息的截图。确需截图时，由负责人确认方式并遮蔽无关内容；保存位置、访问范围和保留期限须预先约定。

Record the issue and the help

One record per attempt or issue. Copy this page as needed. No visitor name, phone number or full feedback is needed.

FIELD	COMPLETE ON SITE
Context	Record ID: _____ Time: _____ Area / entry ID: _____ Product / feedback subject / session: _____
Observation & help	Difficulty or essential quote (remove personal details): _____ Help given / number of retries: _____ _____
Completion (choose one)	Independent / With help / Not completed / Unclear Help includes extra explanation, prompts or troubleshooting; the standard invitation does not count.
Outcome & evidence	Last page state: _____ Live receipt: Verified / Unverified / N/A (simulation) Evidence or receipt ID, if available: _____
Handover	Follow-up needed: Yes / No Assign to: _____ Staff code: _____ Accepted by / at: _____ Status: Awaiting acceptance / In progress / Closed Next check: _____ Outcome / closure evidence: _____

Who receives it / Close the loop [proposed]

Staff hand records to the field lead. Entry, network and voice issues go to technical support; receipt checks to the backend team; subject names, sessions and wording to the area content owner. Fill actual contacts in section 08.

Escalate repeated entry failures, wrong subjects or unexpected personal information immediately. Hand over other records at the agreed shift interval. The recipient accepts the issue, sets a follow-up time and records closure evidence; forwarding is not closure.

Collect only what troubleshooting needs. Do not keep visitor feedback, audio or identifiable screenshots on personal devices. If a screenshot is necessary, the lead confirms the method and unrelated details are hidden. Agree storage, access and retention first.

带到现场之前，填完这些空白

所有“现场拟定”规则需负责人确认。当前文件可用于讨论与演练，尚不能作为已批准的现场运行规程。

负责人配置	需补齐的信息
现场负责人 / 备援	姓名或工作代号：_____ / _____ 联系渠道：_____ 值守时段：_____
技术 / 后台 / 区域内容	联系人及渠道：_____ 主联系人无响应时转交：_____
入口与规则	A / P / T 对照表、备用链接、真实完成提示已核对：_____ 安全重试条件 / 等待上限 / 升级时点：_____
记录与数据说明	记录存放位置 / 可访问人员 / 保留期限：_____ 对外用途说明、隐私口径与客户确认人：_____

三种情境走查 / 本次材料检查，不是历史验证

- ① 新工作人员：抽取一个区域，找到反馈对象与入口核对方法，并说出自愿参与的邀请。查第 1-3 节。
- ② 观众说“不知道怎么答”：找到第 4 节卡片 02 / 03，给出不暗示答案的提示，并允许不补充。
- ③ 连接异常：查第 5 节 E1；若已经点击提交，转第 6 节 E6，指出停止条件和交接对象。

实际演练记录：日期_____ 参与者工作代号_____

每题：能找到 / 需提示 / 未找到；观察到的困难_____

需修改内容_____ 负责人_____ 复查日期_____

版本与依据

本次 brief 与参与者说明：历史服务背景及个人参与范围。当前界面与代码：R7 产品反馈、文字 / 模拟语音、草稿和提交状态。品牌线索：沿用仓库中的 Giacomini 红色与浅灰体系；文档版式为本次设计。

核对入口：HANDOFF.md、docs/giacomini-content.md、docs/design-system.md、src/YouFeed.jsx、src/feedback-state.js、src/demo-feedback.js。截图：screenshots/r7-home-390.png。上述是本地项目依据，不是当年原始物料或现场效果证据。

作品集截取建议：02 区域地图、04 引导卡、05-06 异常处理。标注“依据项目经历重建，2026”；解释解决的问题，不附会当年的成效或验收。

Complete before field use

The lead must approve the proposed field rules. This reconstruction supports discussion and rehearsal; it is not an approved operating procedure.

OWNER / SETUP	INFORMATION TO COMPLETE
Field lead / backup	Name or staff code: _____ / _____ Contact channel: _____ Shift: _____
Technical / backend / content	Contacts and channels: _____ Escalation if the first contact is unavailable: _____
Entries & recovery rules	A / P / T entries, backup links and live completion checked: ____ Safe retry conditions / wait limit / escalation point: _____
Records & visitor information	Storage / authorised access / retention: _____ Approved purpose, privacy wording and client owner: _____

Three walkthroughs / This reconstruction only

1. New staff: choose an area; find the subject and entry check, then give a voluntary invitation. Use sections 01–03.
2. A visitor does not know what to say: use cards 02 / 03 in section 04. Offer a neutral prompt and allow no further detail.
3. Connection fails: use E1 in section 05; if submit was already pressed, move to E6 in section 06. Name the stop condition and handover owner.

Rehearsal log: Date _____ Participant staff code _____

For each task: Found / Needed a prompt / Not found

Observed difficulty _____ Change needed _____

Owner _____ Review date _____

Version & evidence

User brief and participant account: historical context and scope of involvement. Current R7 interface and code: product feedback, text / simulated voice, draft and submission states. Visual cues follow the local Giacomini red and light-grey system; the document layout is newly designed.

Local sources: HANDOFF.md; docs/giacomini-content.md; docs/design-system.md; src/YouFeed.jsx; src/feedback-state.js; src/demo-feedback.js. Screenshot: screenshots/r7-home-390.png. These are project references, not original event materials or evidence of historical outcomes.

Portfolio selections: 02 area map, 04 prompt cards and 05–06 recovery. Label “Reconstructed from project experience, 2026”. Explain the problem addressed without attributing new rules or results to the original event.
